

Microsoft Office 365 ProPlus

Office 365 ProPlus is a productivity suite of software that includes Microsoft Word, PowerPoint, Excel, and Outlook. It is a user-based service that allows UGA students, faculty and staff to use the software on up to 5 computers (Windows or iOS) and on their mobile devices (Android, iOS or Windows). UGA students, faculty and staff can download the latest versions of the Office 365 ProPlus software free of charge as part of the university's Microsoft Campus Agreement.

Once you graduate or leave UGA, you will lose access to Office 365 applications and products connected to your @uga.edu address [after a period of time](#).
