

Registering Your Device

To register your device:

1. Visit drp.uga.edu on any laptop or phone.

The screenshot shows the 'UGA Network Registration' page. At the top, it says 'UGA Device Registration Portal (DRP)'. Below that, there is a section titled 'What is the Device Registration Portal?' followed by several paragraphs of text explaining the purpose of the portal, how to use it, and the UGA Policy on the Use of Computers. A 'Help' link is visible in the top right corner of the content area.

2. Read the description and policy. Click **Accept** at the bottom of the page.
3. Provide your MyID and password to log in

The screenshot shows the 'Network Registration User Login' page. It includes a 'Help' link and instructions for logging in. There are two input fields: 'UGA MyID' and 'Password'. A blue 'Login' button is located at the bottom right of the form.

4. Once logged in, you will see the device registration page. Scroll down to **MAC Address**.
5. This page automatically tries to register the network card you are using, so it will need to be changed. To do so, click **Clear**.

The screenshot shows the device registration form. At the top right, there is a 'Refresh Registered' button. Below that, there is a 'Click the "Detect" button to detect the MAC Address of the device you are currently using...' instruction. The form has three main fields: 'MAC Address' (with 'Detect' and 'Clear' buttons), 'Description', and 'Device Type'. A red arrow points to the 'Clear' button in the MAC Address field. A 'Register' button is at the bottom right. A footer note says 'To request assistance or report a problem, please contact the EITS Help Desk at 706-542-3106.'

You will need to know the **MAC Address** of your device. If you don't have it on hand, these are the [steps to get the MAC address](#) for your manufacturer and model.

6. Once you have the MAC Address of your device, **type it in the MAC Address field**.
 - Under Description, **type a general description**, such as "Smart TV."
 - Under Device Type, **scroll to select Other Devices**.
